ABOUT THE TREK

Waterfall Trekking

This journey is more than just a 10 km trek exploring waterfalls—it's a mission to connect with and protect nature. Embark on a trek with missions that let you protect nature's beauty, not just witness it. Immerse yourself in Munduk's stunning scenery and leave a positive impact with every step.

Authentic Flavors

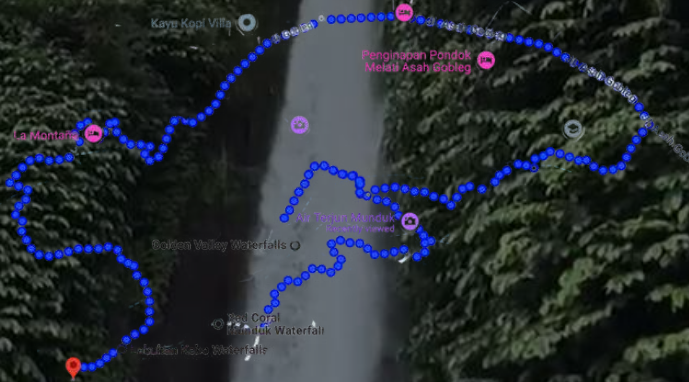

Munduk is celebrated for its authentic Luwak coffee, a true taste of Bali's rich agricultural heritage. As you make your way to Munduk Waterfall, the stunning clove and coffee plantations offer a feast for the senses, complemented by the soothing sounds of nature. This journey immerses you in the rich flavors and serene beauty that define the essence of Munduk.

Traditional Game

It's not just about chasing steps; it's also about chasing joy and happiness! Along the way, we will play Bekel, a fun Indonesian traditional game where you skillfully bounce a ball while picking up small pieces one by one. We'll also enjoy other local games that bring laughter and connection, making every moment a celebration of culture and friendship. Get ready to embrace the fun and make unforgettable memories!
